## PASSIONATE

### ARGUMENT MADE BY CLARENCE S. DARROW FOR EASTLAND'S ENGINEER.

Decision Will be Reached as Quickly as Large Mass of Testimony Admits.

(Associated Press Telegram)

Grand Rapids, Mich., Feb. 5.—Attorney Clarence S. Darrow of Chicago, closed the two weeks' proceedings in the Eastland case in district court today with an impassioned plea for Joseph Erickson, who was chief engineer on the ill-fated steamer that toppled over in the Chicago river last July. Judge C. W. Sessions immediately granted the government until early next week to file a supplemental brief and the defense will be given opportunity to answer it.

"A decision will be reached as expeditiously as possible in view of the large mass of testimony and records in the case," announced Judge Sessions. "The defendants will be continued under the recognizance."

It probably will be the middle of the month before the court's findings will be known.

## REGRET

### THAT DISTINCTION SHOULD BE DRAWN BETWEEN RESERVE BANKS

Whether State or National, Expressed by Federal Reserve Board in Statement Today.

(Associated Press Telegram)

Washington, Feb. 5.—The federal reserve board issued a statement today expressing its regret at the disposition evidenced in some states to draw a line of distinction and cleavage between state and national banks which are members of the federal reserve system.

It has taken form, the statement says, by efforts in some states to separate existing bankers' societies into separate organizations; one for state and one for national banks.

"It appears," says the statement, "that a common ground for both groups of banks should be sought rather than ground for separation. It is to be hoped that wise counsel will prevail and the conviction gradually assert itself that there should be no feeling of competition between state and national government which might produce a tendency to legislate downward as to banking standards or create conditions of uncertainty rather than safety, for the mere purpose of making one system more attractive from the profit-making standpoint than the other."

The board pointed out that the states have given up privileges respecting banks by encouraging them to join the reserve system and said that it has gone the limit to keep intact the powers of the state banks joining that system.

**GLASSWORKERS GET 10 PER CENT INCREASE**  
Pittsburgh, Pa., Feb. 5.—Five hundred workmen employed by the Pittsburgh Plate Glass company, at Ford City, Pa., and by the Heydenkamp Glass company plant at Springfield, Pa., were today notified of an increase of ten percent in wages. The men affected are principally laborers, of whom there is a pronounced scarcity in this district.

**BIG FOUR APPEALS**  
Columbus, Feb. 5.—The Cleveland, Cincinnati, Chicago & St. Louis Railway company today appealed to the supreme court the damage suit of William Sibole, injured by a freight car door at Springfield.

## AS A SPY

### Widely Known Musical Director Is Arrested in Canada

### CONDUCTED CONCERT IN OTTAWA

### Night Parliamentary Building Was Burned

### HIS HASTE IN LEAVING

After The Concert To Make Close Train Connections For Chicago, His Friends Say May Have Aroused Suspicion—Chorus Waited At Rehearsal While He Was In Custody.

(Associated Press Telegram)

Windsor, Ont., Feb. 5.—Charles Strony, the opera singer, arrested here last night on suspicion of having been connected with the fire in the parliament houses at Ottawa on Thursday night, was released today from jail here on orders from the Dominion government. Strony said he expected to leave for Chicago early this afternoon.

Strony said after he was released that he will start suit for damages against the Canadian government Monday. He alleges false arrest and said his detention deprived him of one or more concert engagements.

A telegram from Dominion officials at Ottawa said there was no evidence of any sort to connect Strony with the fire. Local officials, it is said, declared the only evidence they had was a postcard of the parliament building found on Strony.

(Associated Press Telegram)  
Chicago, Feb. 5.—Charles Strony, in custody at Windsor, Ont., today on a charge of being a spy, is a widely-known musical director who during the season just closed, was under contract to the Chicago Grand Opera company to conduct French operas.

It is said Mr. Strony directed the Boston opera company for several seasons but was "loaned" to the Chicago Grand Opera company last fall.

According to advices received here Strony conducted four concerts during the week for Mme. Louise Edvina, in Montreal, Que.; Toronto, and Ottawa.

The Ottawa concert took place Thursday night when the Canadian parliament building was burned and according to his friends here, Strony's actions might have aroused suspicion as he had figured on making close train connections in order to reach Chicago Friday night.

Strony is said to be a Belgian by birth and a Frenchman by adoption.

### PHOTOGRAPHS OF THE BUILDING FOUND IN STRONY'S POSSESSION

(Associated Press Telegram)  
Windsor, Ont., Feb. 5.—photographs of the Ottawa parliament building were found in the possession of Charles Strony, according to a statement made by the police today. Strony, who described himself as a Belgian violinist, is being held in the Windsor police station, on suspicion of complicity in the destruction of the building.

### ANNOUNCED THAT COMMISSION WILL INVESTIGATE FIRE.

(Associated Press Telegram)  
Ottawa, Ont., Feb. 5.—Sir Robert Borden, the premier, announced today that the government proposes appointing a commission of three to investigate the cause of a fire which destroyed the parliament buildings. He has asked the opposition leader, Sir Wilfrid Laurier to name one of the three commissioners. They will be armed with far-reaching authority and will have the Dominion secret service at their disposal. The investigation will begin at once.

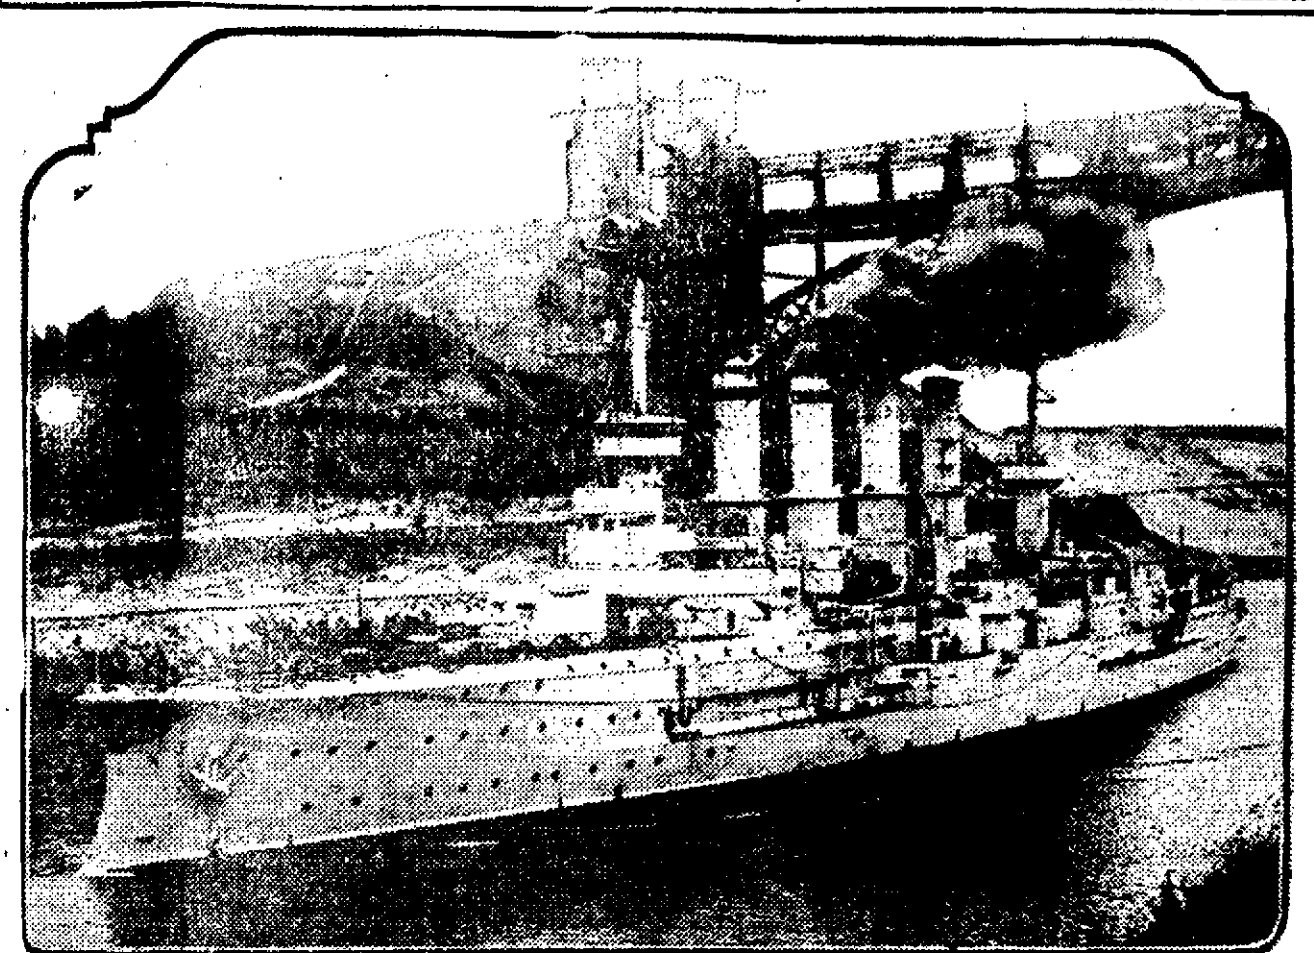

### WIDOW SECURES VERDICT FOR HER HUSBAND'S DEATH

(Associated Press Telegram)  
Steubenville, O., Feb. 5.—A jury in common pleas court here today held that the state industrial commission must pay Mrs. Josefa Cisar \$2,039 for the death of her husband in the Bobbville coal mines. The commission refused to pay the claim, holding that Cisar was not working when killed. The suit followed.

### ENGLAND DETAINS MAIL.

(Associated Press Telegram)  
London, Feb. 5.—Reuters's correspondent at The Hague says mail addressed to the West Indies and forwarded on the steamship Prince Frederick, which sailed from Rotterdam on January 28, has been detained in England.

## BIG GERMAN CRUISER HELPED RAIDER, SAY APPAM PASSENGERS

The Roon.

According to passengers of the British steamship Appam, now a German prize at Norfolk, Va., the powerful German cruiser Roon stood by while a vessel whose identity is still a mystery, forced eight British steamers into submission. The Roon belongs to the 21-knot armored cruiser class, and was turned out from the Kiel dockyards in October, 1905.

## Piles of Books Secured in Bucket Shop Raids Brought Into Columbus as Evidence

(Associated Press Telegram)  
Columbus, O., Feb. 5.—Evidence secured in yesterday's state-wide raid on alleged "bucket shops," by inspectors of the state banking department was brought into Columbus today. It consisted of piles of books showing alleged fraudulent sales of securities, daily business blotters, photographs of blackboards on which proprietors had marked what were said to be inaccurate stock quotations, and stenographic records of confessions of patrons caught in the raids.

Prosecution of managers of the 12 shops caught in the concerted raid will be based mainly, it was said today by Banking Superintendent Harry T. Hall, on evidence that the establishments did not actually make purchases and sales ordered by customers. All evidence collected will be turned over to county prosecutors by the banking department.

Stories matched only in melodrama were told by inspectors who returned today after their successful attack on the shops. In Toledo, several alleged "old time bucket" men, who had been looting about the establishment there, recognized one of the inspectors who assisted in the raid and hurried in panic from the shop a few minutes before 11 o'clock, the hour set for the raids in 11 cities. In one city the customers caught in the office included, it was said, a county commissioner, a former county liquor license official, a prominent attorney and others of local prominence. One shop operator demanded indignantly that his books and records be returned to him.

A telegraph operator and inspector employed by the state to "listen in" while messages were being transmitted between the Pittsburgh headquarters of the alleged bucket shop syndicate and another branch in Battle Creek, Mich., returned today with this story.

The Pittsburgh office said to the Battle Creek office: "You are lucky to live in Michigan. Ohio offices are pinched."

Battle Creek to Pittsburgh: "That is the guy." The operator-inspector who was "listening in" was the person whose name was mentioned.

Congratulatory messages from regular stock brokers in a number of cities and of other states poured in to Superintendent Hall's office today.

### BUCKET SHOP CASE GOES TO GRAND JURY OF LUCAS COUNTY.

(Associated Press Telegram)  
Toledo, O., Feb. 5.—Prosecutor John D'Aiton has lost no time in arranging for the prosecution of Harry Eldridge, arrested yesterday noon in a raid on the local office of the A. J. Cummins company, Pittsburgh stock brokers. The grand jury already this morning was considering the evidence. It is alleged by state inspectors that the Pittsburgh concern furnished the equipment for the eleven Ohio agencies, also raided yesterday, and that an equal division of profits was made.

## GUARDS

### FROM CANADIAN MILITIA FRUSTRATE PROBABLE ATTEMPT TO DESTROY BRIDGE.

Man Acting Suspiciously Fired at but Succeeded in Making Good His Escape.

(Associated Press Telegram)  
Montreal, Feb. 5.—What is believed to have been an attempt to blow up the Victoria bridge was frustrated last night by militia guards, it was learned today.

About midnight the guards noticed a man making his way toward the bridge on the ice. He was picked out by the searchlights and when challenged retreated without answering. About four o'clock a man was again discovered trying to reach the bridge from the ice. When he refused to answer a challenge he was fired at but succeeded in making his escape.

An investigation started by the militia authorities has convinced them that an attempt to destroy the bridge was intended.

The Victoria bridge crosses the St. Lawrence and is used by the Grand Trunk railway and the Delaware and Hudson railway. It is a mile and a half in length and has been guarded by soldiers since the outbreak of the war.

### PIRATE BATTERIES TRAIN IN KENTUCKY.

(Associated Press Telegram)  
Pittsburgh, Feb. 5.—Pitchers and catchers of the Pittsburgh National league team will again train at Dawson Springs, Ky., this year, according to an announcement made here. They will report there next month. Manager Callahan had not decided yet where the rest of the team will train.

## MINES

### BEING LAID FOR GERMANS BY SPANISH FISHERMEN, IS CHARGED

By American Surgeon Returning From Active Service in Front of Champagne District.

(Associated Press Telegram)  
New York, Feb. 5.—Charges that Spanish fishermen were being employed by the Germans to lay mines off French ports were made today by Ship Surgeon Ponce, who arrived here on board the French liner Chicago from Bordeaux.

Dr. Ponce said that numerous mines had been placed in the mouth of the Gironde river and that he saw a British and a Spanish ship blown up in that neighborhood. Dr. Ponce joined the Chicago after seeing service at the front in the Champagne district. He said the health of the French troops was splendid, although the trenches were several feet in mud.

### CONDITIONS ARE BECOMING NORMAL IN THE NORTHWEST

(Associated Press Telegram)  
Seattle, Wash., Feb. 5.—Except for the danger of serious floods and snowdrifts, caused by melting snow, conditions in Western Washington, which has been snowbound since Tuesday night are rapidly approaching normal today.

The Northern Pacific cleared its double track line across the Cascade mountains yesterday and trains which had been held in the mountains three days moved across the summit in a steady procession. Other lines expect to clear their tracks before the day is over.

## SMUGGLING

### OF NARCOTICS FROM DETROIT TO MEXICO, THEN TO LOS ANGELES

Is Charged Against Man Arrested in Toledo, Who Broke Leg Trying to Escape.

(Associated Press Telegram)

Toledo, O., Feb. 5.—Charged with having represented himself to be a Juarez, Mexico, physician, and securing the shipment by a Detroit firm of \$2,000 worth of narcotics, with receiving the consignment in Juarez and payment therefor in United States gold, and later smuggling it to Los Angeles and then to this city, Patrick Murphy, alias Bob Marsh, today was to have a hearing before United States Commissioner Crane.

Murphy broke his leg last week while trying to escape federal officers here. A couple giving their names as Mr. and Mrs. Sharp Maxwell were arrested with Murphy. The sales in many Ohio towns, the possession of \$500 worth of morphine and cocaine were charges upon which Dee Miller, of Celina was to have a hearing. It is said that Miller had extended his business as far as Canada.

## QUARTER

### REFUSED DROWNING GERMAN SEAMEN BY BRITISH SAILORS IS ALLEGED

By Overseas News Agency Which Draws Comparisons With Recent Baralong Incident.

(Associated Press Telegram)

Berlin, Feb. 5.—By wireless to Sayville—Comparisons with the Baralong case in which British sailors refused quarter to drowning German seamen, according to official German statements are drawn by German newspapers in discussing the case of the missing of the L-19. The Overseas News Agency summarizes the case in this wise:

"The German naval airship L-19 has not returned from a reconnoitering trip. A British news agency reports that the airship and her crew were seen drifting in the North sea by the English trawler King Stephen, from Grimsby, and that the airship crew clinging to the parts above the water of the half submerged craft asked for rescue which was refused by the British crew, the British sailors giving as a reason for their refusal that the German crew outnumbered them."

German newspapers discussing the case, draw comparisons with the Baralong incident.

The Overseas News Agency quotes the Frankfurter Zeitung as commenting on the fact that the British trawler King Stephen did not save the wrecked half-starved crew of the German airship under the pretext that the Germans outnumbered them while at the same time a few German mariners with one lieutenant escorted across the ocean 400 vigorous normal men.

"We are at a loss what to say about them," the newspaper adds. "It is said that England highly appreciates the heroes of the Mowee. If the rejoicing over good sportsmanship is genuine, then the people across the channel must scorn these fishermen."

### CLEARING HOUSE DECREASE.

(Associated Press Telegram)  
New York, Feb. 5.—The statement of clearing house banks and trust companies for the week shows that they held \$170,405,870 reserve in excess of legal requirements. This is a decrease of \$7,395,870 from last week.

## FATE

### Of Mrs. Elizabeth Mohr Now Rests With Rhode Island Jury

### LAW AS TO GUILT OR ACCESSORY

### Plainly Stated By Judge In Impartial Charge

### IN SEPARATE VERDICTS

The Jury Must Find Guilt Of Each Negro Before Mrs. Mohr Can Be Held As An Accessory—Confessions Not To Be Considered As Against Her—Mrs. Mohr Confident.

(Associated Press Telegram)

Providence, R. I., Feb. 5.—At 2:45 o'clock this afternoon no word had come from the jury which at that time had been considering the case for four hours.

Mrs. Mohr at 3 o'clock this afternoon made the following statement through her counsel, Arthur Cushing:

"I am confident of acquittal—hopeful that the jury will let me go back to my children. At the same time I naturally feel anxious as to what the verdict will be."

She had been waiting for some time in her attorney's office near the court house for the jury's verdict.

(Associated Press Telegram)

Providence, R. I., Feb. 5.—The case of Mrs. Elizabeth F. Mohr, Cecil Brown and Henry H. Spellman, charged with the murder of Dr. C. Franklin Mohr, the woman's husband, was given to the jury at 10:45 o'clock today.

Judge Stearns, in his charge to the jury declared it was their duty, if they concluded the state had proved its case to say "guilty," whatever the consequences in each case or in any case.

"The law recognizes no color, no creed," the court said.

"Pay no regard to the fact that one defendant is a woman and two are colored men. They are three citizens on trial and I charge you not to allow any prejudice or feeling expecting an honest desire to do impartial justice, to enter your minds."

"The law in regard to principals in a crime, aiding and abetting in the actual commission of a crime—in this case it is murder—they are equally guilty with those who actually commit the crime. Mrs. Mohr has been indicted as an accessory before the fact. If you find she hired, aided, procured or assisted one or both of other defendants, she is guilty."

Judge Stearns then explained the degree of proof necessary to convict, saying:

"All three defendants are indicted together, but you will bring in three verdicts. The verdicts will be individual as though there had been three separate trials."

The court asserted that under the law an accessory cannot be convicted unless one or both of the principals is found guilty and therefore that it was logical that the jury first determine whether Brown and Spellman were guilty.

Discussing the testimony of George W. Heales, Dr. Mohr's chauffeur, who turned state's evidence, the court said the reliance to be placed on his story rested with the jurors.

"Heales is a puzzling figure in this case," said the judge. "It's a fair question how much of his statement is true and how much is false."

The court said no confession was made by Mrs. Mohr, but that according to the state she had made threats against her husband. It was for the jury to determine the value of the alleged threats.

Inasmuch as confessions are only to be taken as against the persons making them, it was pointed out, the alleged confessions of Brown and Spellman were not to be considered as against Mrs. Mohr.

### PUBLIC HEARINGS OF BRANDEIS CASE TO BEGIN WEDNESDAY.

Washington, February 5.—Public hearings on the nomination of Louis D. Brandeis of Boston, to the supreme court bench will be held by the senate judiciary sub-committee beginning next Wednesday.

The first thing to be taken up, it was said, would relate to Mr. Brandeis's former connection with the United Shoe Machinery Co. Later Clifford Thorne, of Iowa, will be heard regarding Mr. Brandeis's attitude toward the recent five percent railroad rate case.

### TOLEDO SUFFERS \$100,000 FIRE.

Toledo, Ohio, Feb. 5.—Fire in the heart of the business district early this morning caused damage estimated at \$100,000. It started in the Rupp and Bowman company drug store, which is a total loss, estimated at \$55,000. The Franklin Printing and Engraving company, adjoining, suffered \$40,000 loss, mostly by smoke and water. Damage to the Rupp and Bowman company is \$8,000. There were several smaller losses.

## QUARANTINE OF SCHOOLROOM BY SCARLET FEVER

Health Officer Dr. W. H. Knauss, early Saturday morning in an effort to prevent an epidemic of scarlet fever, ordered the third grade room of the Central school, taught by Miss Mary Louise Rank, closed. The order came as a result of two of Miss Rank's pupils being taken ill today with scarlet fever.

Miss Mary Neighbor, daughter of Mr. and Mrs. Frank S. Neighbor, 218 West Locust street, and Miss Margaret Fulton, daughter of Mr. and Mrs. W. D. Fulton, 142 West Locust street, are the two children who were stricken with the fever.

Upon a report of the two cases reaching the health office, Dr. Knauss sent a deputy to investigate and order the room closed for a few days, until it could be ascertained if there were any more cases. Miss Rank was notified that there would be no school in her room for several days and that the room would be fumigated.

It is not known at this time by the health department whether more of the pupils of Central school have been exposed to the disease. A close observation will be kept by the department and school officials to prevent an epidemic among the children.

## INVESTIGATING OHIO'S CONTRACT FOR AUTO TAGS

Columbus, Feb. 5.—Thorough investigation of the system by which the state of Ohio buys its automobile tags was in prospect today when it became known Auditor Donahy had held up a voucher for payment of \$8000 to the Davies Manufacturing Co. of Akron, which has the contract for making the 1916 tags.

The auditor received the voucher more than a week ago, but refused payment, pending examination of the contract made by Secretary of State Hildebrand with the manufacturing company. Mr. Donahy also requested a complete record of the bids received last fall by the secretary of state's department before the contract was let.

State Automobile Registrar W. H. Walker conferred with Auditor Donahy today to urge that the voucher be honored soon, but Mr. Donahy wanted further time for investigation it is said.

State Senator C. W. Wickline of Akron is head of the Davies Manufacturing Co. It was said at the secretary of state's department today that the Akron company buys the tags from the New York Metal Ceiling Co. of New York. The tags cost the state 19 1/4 cents a pair and the contract for 1916 is expected to be worth about \$50,000 to the Akron company. Last year the state paid 20 cents a pair for tags. The New York company which actually makes the tags for 1916 and which the Akron company is the intermediary contractor, is said by officials in the automobile department to be the only firm which can make the particular kind of a tag used this year.

## UPHOLDS MAYOR OF STEUBENVILLE

Steubenville, O., Feb. 5.—Judge Carl Smith, in common pleas court here today refused an application of Harry Frankhauser, deputy chief of police, for an injunction to prevent Mayor William C. McMaster from appointing a successor to the office. The court held the mayor had a right to make the appointment, pending the chief's appeal from the removal decision in the courts.

## CONSCIENCE FUND OF UNITED STATES INCREASED TODAY

[Associated Press Telegram] Washington, Feb. 5.—The treasury conscience fund was enriched today by two contributions, one of \$1,874.50 from a New York lawyer on behalf of a client. The other was two ten cent pieces from an unknown person in Michigan who suggested they be used to support a minister of the gospel. The New York contribution is in the form of a certificate of deposit on the United States treasury in New York.

## DAIRYMAN GETS \$20,000 VERDICT AGAINST MORGAN

[Associated Press Telegram] Minnola, L. I., Feb. 5.—Michael Killilea, a dairyman, who was employed by J. P. Morgan on his estate at East Island, Glen Cove, has won a verdict for \$20,000 damages against Mr. Morgan for injuries suffered on the night of July 13 last, when Mr. Morgan was shot by Frank Holt, also known as Eric Muenster.

After the shooting a rope was stretched across a bridge leading to Mr. Morgan's house to prevent automobilists from entering the grounds. Killilea, who was riding a bicycle, ran against the rope and was thrown, suffering injury which physicians say dooms him to total blindness. He said Mr. Morgan for \$50,000, but a jury last night gave him a verdict for \$20,000.

## SCRANTON THEATRE BURNS; LOSS \$400,000

[Associated Press Telegram] Scranton, Pa., Feb. 5.—The Casey building in this city which was occupied by several business concerns and in which the Lyceum theatre was located, was destroyed by fire started in the basement of the Miller Casket Company and spread rapidly. The loss, it is estimated is \$400,000.

## SENATOR SHERMAN OF ILLINOIS WAS INDORSED TODAY

## BRIDE KILLS HERSELF

[Associated Press Telegram] Cleveland, Feb. 5.—Mrs. Anna Killcoyne, a bride of eight months, died today, after drinking poison. She left a note saying she had taken her life but giving no explanation.

Mrs. Bert Warrington of Bolton avenue who has been confined to her bed for four weeks with a severe attack of bronchitis and grip is now able to sit up a little each day.

## NO EXPLOSIVES ABOARD APPAM ARE DANGEROUS

[Associated Press Telegram] Newport News, Va., Feb. 5.—There are no explosives on board the captured British liner Appam that would endanger shipping in this harbor, in the event of an accidental or premeditated discharge. Lieutenant Berg, the German prize commander so assured Collector Hamilton today, when he came ashore to arrange for food.

Lieut. Berg did not say, however, that the explosives aboard the liner were not sufficiently powerful to destroy the ship, if it should be decided to blow her up. Commander Berg expressed to Collector Hamilton his appreciation for the uniform courtesies and friendly assistance rendered him during the last few trying days by American officials.

Do not lace your shoes in a mellow patch.

## HARRY LAUDER, FAMOUS SCOT, BOOKED HERE

Harry Lauder, famous Scotch comedian, singer and dancer is to appear in Newark for a matinee only, on Saturday, March 4. Manager Harry English having closed a contract to that effect today. The contract specifies that Harry Lauder himself and entire company of actors are to give the performance. Mr. Lauder is touring a vaudeville company every act of which is said to be of more than ordinary merit. Mr. Lauder left the big vaudeville circuit several years ago where he was drawing a salary of \$2,500 per week, to take out his own company.

## GREEK DEPUTIES ELECT PRESIDENT

[Associated Press Telegram] Athens, Greece, Feb. 4.—(Via Paris, Feb. 5.)—At the re-assembling of the Greek chamber of deputies today, Michael Tsoukalis, brother of the recently deceased former premier was elected president of the chamber without opposition.

A guard of soldiers with fixed bayonets was stationed in the galleries, but no special incidents marked the day's proceedings.

## PAPER COMPANY CHARGED WITH BEING A TRUST

[Associated Press Telegram] Cincinnati, Ohio, February 5.—Suit was filed in the United States district court here today, charging the Colvin-Gardner Paper Co. of Middletown, Ohio, and fifty-three others with having violated the civil section of the Sherman anti-trust law insofar as it has to do with restraint of trade. The suit was filed by the Chicago Oyster Pail Co. and \$300,000 damages are asked.

The petition alleges that the fifty-four defendants who are from various parts of the country had been conducting regular independent competitive concerns doing business in the manufacture and sale of paper board up to September 5, 1905. At that time it alleges, the Paper Board Association was formed and that this has served to restrain and destroy competition and inflate prices.

Ohio defendants are the Colvin-Gardner Paper Co. of Middletown, Ohio, and its treasurer, E. T. Gardner; the Franklin Board and Paper Co. of Franklin, Ohio, and George Little, its treasurer; the Ohio Box Board Co. of Cleveland, and Thomas W. Ross, its president.

## REVOLTING

TRIAL OF HERMAN FOR PUTTING WIFE IN DIFFERENT RESORTS

Ended With His Conviction and Sentence to Ten Years and Fine of Five Thousand Dollars.

[Associated Press Telegram] Toledo, Ohio, February 5.—What was said by federal authorities to have been one of the most revolting and sordid trials of its kind ever held in the United States court of this district, closed today when Herman Glass, 22, convicted of bringing his 19-year-old wife from Canada into the United States and putting her in resorts in Detroit, Cleveland, Akron, Ashland, Toledo and other Ohio cities, was sentenced to serve ten years' imprisonment in Leavenworth penitentiary and pay a \$5000 fine.

His brother, Joseph, 25, was convicted and sentenced to serve a similar length of time on a like charge. Fine in his case was not imposed. The government convicted the two men on both a white slave charge and violation of the act forbidding the importation of aliens for immoral purposes.

Cleveland, which has established the first permanent military school for training citizens, also leads in preparedness for proper military transport. The immense importance of motor vans, armored cars, motor artillery and motor ambulances in the present European war has caused it to be described as a "gasoline war." Cleveland is the center of a 400 mile system of brick highways and inter-city trucking operations over these roads have assumed great importance. Military men say that these roads and trucks could be changed from a peace to a war footing with a minimum of effort. Their adaptability to this use will be tested by military maneuvers in the early spring.

## COMING BACK

United Doctors Specialist  
Will Again Be at Newark,  
Ohio, Sherwood Hotel,  
Thursday, February 24,  
1916.

THURSDAY FEBRUARY 24, 1916.

### ONE DAY ONLY

Hours 10 a. m. to 8 p. m.

Remarkable Success of Talented  
Physician in the Treatment of  
Chronic Diseases

Offers Services Free of Charge.

The United Doctors Specialist, licensed by the State of Ohio for the treatment of all diseases including deformities, nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tape worm, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physicians, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operations for appendicitis, gall stones, tumors, goiter, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of these dangerous diseases.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind, if your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Worn-out and run-down men or women, no matter what your ailment may be, call, it costs you nothing.

Remember, this free offer is for this visit only.

## CHIEF SHERIDAN MAY RECOMMEND "FLASH SYSTEM"

Chief of Police James Sheridan and Safety Director Cecil Bigbee returned from Cleveland today where they visited for two days following their investigation, Wednesday, of the Klyria Patrol System.

The Chief and Director both were strongly impressed with the "flash" system and hope to see it adopted in Newark in the near future. According to the Chief the new system would insure more efficiency on the part of the department. When the patrolman would "ring in," the box number and the time, would be recorded upon a tap in the patrol station.

Then should the Chief of Captain desire to get into quick communication with one of their patrolmen, by simply turning a switch they would light a series of lights, instead of the present one on the Trust Building.

The tap system would enable the superior officer to know at all times just about the exact location of the man on the beat. It is probable that the safety director will recommend the adoption of the new system at the next regular meeting of the city council.

### The Bulldog.

The bulldog, unlike the majority of dogs, very seldom barks. In fact, owing to the construction of his throat his attempts at barking are more like a burlesque of the real thing. He grades into a fight without any vocal warning, and the only sound he emits is his heavy breathing. His courage is astonishing, and the largeness of his opponent never acts as a deterrent when hostilities are imminent. Still, as he is not a quarrelsome dog, he very rarely indulges in street brawls, and he is exceedingly good natured, it takes a lot to rouse him.

The modern bulldog is undoubtedly a different looking animal from his bulldogging ancestors. The most conspicuous "improvements" introduced by the present day "fancy" are largeness of head, width of chest, heaviness of bone and more typical tail.

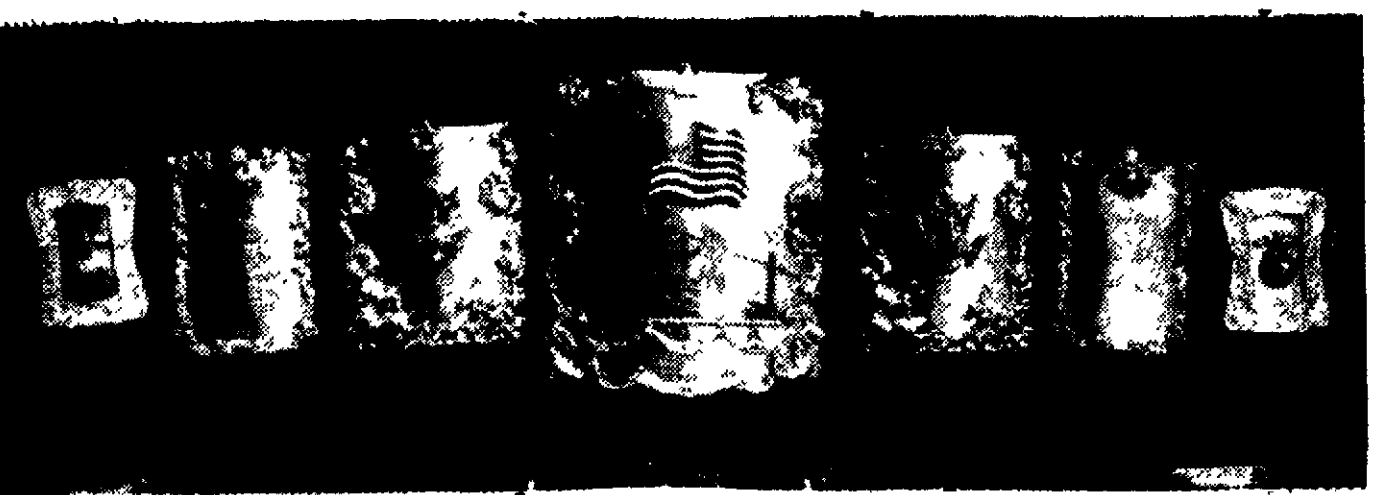

### Historic Rose Tree.

The most venerable rose tree in existence is said to bloom against the ancient church of Hildesheim, in Germany. Notwithstanding the many centuries which at different times have been in the ascendancy, they all seem to have respected and tended the rose tree, which, it is said, was planted by Charlemagne. The trunk is now almost as big as a man's body. There are five principal limbs trained against the church, the tree being protected by iron railings enclosing an area of about twenty-six square feet. The German soldiers in early ages tended the tree Catholics and Protestants, in turn masters of the town, drained the ground the soldiers of Turcomen fastened up the branches with clamps, and those of Napoleon, a century and a half later, erected the railings.

## PAUL BOWSER HAS HIS EYE UPON HANDSOME POLICE GAZETTE CHAMPIONSHIP BELT

Paul Bowser, Newark's pride of the wrestling mat, has his eyes on the Police Gazette Belt, now held by Joe Turner, world-champion middle-weight wrestler, and hopes to bring the trophy home to Newark on next Thursday night, February 10, when he meets Turner in a finish bout at the Music Hall. The belt will arrive in this city in a few days and will be placed on exhibition.

Newark's chance for having a champion in its midst, is more than good, as Bowser has been coming rapidly to the front. And it would be surprising to his many followers that Paul will wear the long coveted belt, after next Thursday.

For over five years, Bowser has dreamed of the time when he would be considered good enough to engage in a championship bout. Several times his friends have urged him to try and put the dream into reality, but Paul wanted to be sure, first.

Since coming to Newark he has met some of the best middle-weights in the game and has disposed of

them in great shape. His bout Thursday night with Con Albright, which was the contest ever witnessed here, convinced the fans, that Newark has a real for sure championship contender.

Bowser met Turner personally several years ago and at the time expressed to his friends the desire to some day step on the mat with the champion. Paul has improved wonderfully during the time that has elapsed since he first met Turner and is now confident that he can beat him.

The show has been advertised to be held in the Music Hall, but there is a possibility that it will be staged in the Auditorium if satisfactory arrangements can be made with the trustees and the management of the theatre.

The advance sale of seats at this early date is tremendous and it will be utterly impossible to handle the large crowd in the Music Hall. A big out of town crowd is expected, as all the surrounding towns are interested in the match and this, together with the Newark crowd, will

be too much for the present quarters.

Should the Auditorium be secured for the bout, ladies will be invited to witness the exhibition and it is safe to say that there would be several hundred of Newark's fair sex in attendance at the ring side.

In New York city where the grappling game is now holding the center of the sport stage society women are among the most ardent rooters. Newark's fair sex have shown their interest in the local boys, by the number of telephone inquiries made of the local papers, following every match that has been held.

The wrestling game in Newark is now receiving the patronage of Newark's best class of citizens and the orderly manner and clean work of the participants has furnished great entertainment for the fans this winter. In case the Auditorium is secured it would be a good thing for some of the skeptic few to hang around the front entrance to the theatre and see for themselves what the people of Newark think of the wrestling game.

## NEWARK HIGH IN GREAT COMEBACK DEFEATS GLENFORD

Staging a wonderful come-back Newark High defeated Glenford at basket ball 40 to 14 last night at Hickey Hall. Newark was about as badly defeated at Glenford when they played there a few weeks ago and so the crowded hall was agreeably surprised when the team showed such wonderful form and defeated the Glenford boys so easily.

Rawlings and McLaughlin of Newark and Mohler of Glenford were the stars of the game. Rawlings played his usual stellar game at forward, getting 11 baskets. McLaughlin played an unusual guarding game his man getting only two baskets while in the former Glenford-Newark game he got 9 baskets.

Play started out with a rush and for quite a while there was no scoring but the superior passwork and basket shooting of the Newark team at last put them in the lead and they were never headed. The first half ended 18 to 6.

Fred Jones, usually a star performer, was out of form last night and did not play his usual good game. Simms finally being put in his place.

What the Peruvians Believed.  
A unique idea of the future state was that of the ancient Peruvians. As the disembodied soul winged its way to eternity it encountered two rocks, upon one of which it must needs rest. The choice was determined by the morality of the life in the flesh. If it rested upon the left hand rock it was instantly translated to "Po," or oblivion, a state analogous to the Nirvana of the orient. If through early misdeeds, however, the unhappy spirit was guided to the right hand rock it entered into a purgatorial hell where fiends grated away the flesh from all the bones in succession, after which the skeleton was re clothed and sent back to earth for another try. There was no haste about this grating process. It took something over 10,000 years.

Commonplace Greatness.  
Not a day passes over the earth but men and women of no note do great deeds, speak great words or suffer noble sorrows.—Charles Reade.

Patience is bitter, but its fruit is sweet.—Ronssean

During the fighting on the Kashmir frontier, when the British troops defeated the rebellious Hunzas, the natives used bullets of pure garnets inclosed in lead. Many of the troops preserved these as curiosities.

## WRESTLING MARVEL IS 'THIS FARM BOY'

Joe Stecher is "some rasser." That is the consensus of opinion of all those who saw the way the youngster handled the "masked marvel" at the wrestling tournament in New York recently. The 22-year-old lad, who hails from Dodge City, Nebraska, pinned the "marvel," who is no other than Mort Henderson of Altoona, Pa. twice to the mat.

## JOSH DEVORE AGAIN MAY PARTICIPATE IN WORLD'S SERIES

(Associated Press Telegram)  
Marietta, O., Feb. 5.—John Devore, former outfielder for the New York Nationals and known as "the luckiest player in baseball," will return to the major league next season. Devore today signed a contract offered him by Manager Moran to play with the Philadelphia Nationals. He has played in every world series since 1911, except the 1915 series. He played with the New York Nationals from 1911 to 1914 when he was sold to the Philadelphia Nationals and then to the Boston Nationals. Boston won the pennant that year and Josh added a fourth world series to his record. Last season he managed the Maysville, Ky. club of the Ohio State League.

## SUGGEST CHANGE IN BASKET BALL RULES NEXT YEAR

(Associated Press Telegram)  
Cleveland, Feb. 5.—George Hepburn, representing the Amateur Athletic Union, and authority on basketball rules, here on a speaking trip to basketball coaches and players, said today he is considering a suggestion for a change in the rules of the game made to him by Karl Kist, local Y. M. C. A. physical director. Kist favors dropping the present method of tossing up the ball to the centers at the opening of the game and after each field goal. He would substitute tossing the ball in from the side lines, just as is done when it goes out of bounds. This, he says, would do away with the advantage which a tall center gives to a team and would permit a team to consist of five all round athletes rather than four experts and one "string-bean."

## WOMAN CRAWLED BETWEEN CARS; ANKLE INJURED

Taraschiva Zamay, a foreign woman, living at 15 Everetts flats, was injured at the Leroy street crossing about 6:30 o'clock Saturday morning. She was on her way to work at the Swisher factory and as she reached the crossing a freight train crossed and stopped. Fearing she would be late in reaching her work, she attempted to crawl between the cars, and the train started. She was either caught between the cars or injured in falling from the train. The Bradley ambulance was called and she was removed to the Newark sanitarium, where Dr. P. H. Cosner attended her. It was found that one of her ankles had been dislocated and she was painfully bruised.

## MEN OF MILLIONS ENTER BASEBALL; NEW ERA DAWNS FOR NATIONAL GAME

Left to right, top: Col. Jacob Ruppert and Percy D. Haughton. Bottom: Charles Weeghman and J. Ogden Armour.

An interesting development in baseball is the recent entrance into the game of wealthy men whose prime interest is sport and not money making. Among the men who have purchased interests in one or the other of the major leagues within the past year are Charles Weeghman and J. Ogden Armour of Chicago; Jacob Ruppert, Jr., of New York, and Percy D. Haughton of Boston.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

The winter herring fisheries having ended successfully, the sardine supply for next season is assured.

The convictions of some of our statesmen seem to depend on the country that their constituents were born in.

The smart set at the winter resorts may not enjoy the weather any better than at home, but they have the satisfaction of doing the correct thing.

While the price of gasoline is unreasonable, the public must expect to pay for the satisfaction of having the oil business done by 33 companies instead of one.

The Granges are continuing their experimental studies in agriculture by tests to learn whether scalloped oysters or creamed chicken makes the best supper.

The minstrel shows again demonstrate how fine an ancient joke sounds, when it is pronounced by a man blacked up with burnt cork and plenty of rouge on his lips.

There were not many casts where Robert Burns' birthday was celebrated by reading his poems, but a large number of people called for his favorite liquid refreshment.

The fact that a man signed the Jewish relief day subscription for \$10 does not mean that he will take \$5 worth of board at a hotel that accommodates Hebrews.

People ought to realize the necessity of Preparedness, when they reflect how the Germans might come over and bombard the bath houses of Atlantic City and Coney Island.

When favorable business news is announced, the gullest public rushes in to buy stocks. Then the insiders who knew the good news long before and sold out at top prices, proceed to put the market down.

## Skimming Newspapers.

Some interesting results are being reported of tests given college students about facts connected with the war in Europe. These tests generally relate to facts that every reader of the war news should be pretty familiar with. Yet the students seem able to answer scarcely half these questions. Many business men and others have tried their hand at them, and can answer even less.

This is the result of the common habit of merely reading headlines. Most persons will read thoroughly only what immediately affects them. The housewife reads the advertising, the business man reads the markets. Also almost everyone reads the local news of their own locality.

But when it comes to following the news of the war, Congress, national politics, Mexico, etc., it is surprising how even intelligent people do skip over it. A hasty glance at the headlines, and opening para-

1722—John Witherspoon, "Sinner" to Connecticut, born; died 1794.  
1725—James Otis, patriotic orator and writer, born; killed by lightning 1783.  
1818—General Bernadotte, one of Napoleon's famous marshals, crowned king of Sweden and Norway.  
1815—French claimed success in repelling attacks of the Germans in France, notably at Notre Dame de Lorette and in Alsace.

## ASTRONOMICAL EVENTS.

Evening stars: Jupiter, Saturn, Mars, Venus. Constellation Bootes may be identified rising in the northeast late in the evening.

tory the business will be in a bad way. There is still much of it left, however, as the nation's drink bill for 1915 is computed at \$2,500,000,000.

It is the current impression among old-timers at the national capital that Washington is likely to be voted dry before the present congress expires, if not during 1916. The pressure for a national prohibition amendment becomes stronger every year.

## The Limit of Concession.

(Columbus Dispatch.)

President Wilson, in one of his speeches, has stated that this nation can and will fight for, if the occasion arises. He states it thus:

"We are a body of idealists, far more ready to lay down our lives for a thought than for a dollar. The destiny of America is an ideal destiny. America has no reason for being unless her destiny and duty be ideal. It is her incumbent privilege to declare and stand for the rights of men. Nothing else is worth fighting for. Nothing else is worth sacrificing for. \* \* \* What America is bound to fight for when the time comes is nothing more nor less than her own self-respect."

That is something that everybody can understand and that most persons will approve. The rights of men are the things we shall champion with force, if there be need; and our self-respect we shall never permit to be offered on the altar of greed or vanity. We are willing to go a long way for peace, but we are not going to be driven from our particular destiny or ideals.

## Time to Talk Sense.

(Boston Advertiser.)

Some of the talk out at Chicago, when the members of the Republican National Committee met there, was simply foolish. Anybody who says that "the Republicans can elect any ticket they put up, this year," is either wholly out of touch with the situation, or else saying something he does not at all believe. If the Republican party should be able to carry the election of 1916, after its defeat in 1912, it will be contrary to every experience of American politics since our political history began.

There never was another case where a party beaten as badly as the Republicans were, four years ago, came back in as brief a time as four years, with strength enough to carry the national election. It has been tried often, but never tried successfully. Any such talk as that made out at Chicago, that a Republican victory is "certain," no matter what the Republicans may do, is an evidence of pretty poor judgment.

## Pointed Observations

Why should Europe think it strange that this country should take a hand in making international law? It has been the victim of enough of the kind that Europe tries to write. —Milwaukee Journal.

Georgia has a citizen who weighs 355 pounds, and so we suppose he is reasonably safe, unless they take to lynching with log chains down there. —Grand Rapids Press.

Just when Colonel Roosevelt is shouting loudest against the administration for allowing Belgium's neutrality to be violated some fiend in human form recalls that when the colonel was President he never said a word when Japan gobbled up defenseless little Korea. —Cary Times.

The knifok who have the least and look the worst always think the most of us. —Macon News.

If the Democrats lose the next national election, it will not be because of their Mexican policy or their attitude toward the war in Europe, but because the midwinter flood we are having is a fair sample of the way the weather bureau is run. —St. Louis Post-Dispatch.

Unless the West stops applauding President Wilson, the Colonel will have nervous prostration. —New York World.

If we are not in danger of war there is all the more reason for increasing our means of defense. —Philadelphia Record.

The Republicans will have to choose between being beaten with Roosevelt or by him. —Florida Times Union.

Jane Addams says China "existed a thousand years without an army." And as a result she got housemaids' knees. —Toledo Blade.

It is easy to clamor against preparedness, but those who did it in Noah's time have not had their names enshrined in history. —Milwaukee Journal.

The nomination of Mr. Brandeis for the Supreme bench illustrates the fact that President Wilson has a way of making his own appointments. —Chicago Herald.

If a man may be loved for the enemies he has made, there's Brandeis with Clifford Thorne's protest against his confirmation. —Wall Street Journal.

The change to electric power on Sweden's most northerly railroad in the world has increased the train capacity 40 per cent and the speed 50 per cent over steam operation.

## DO YOU SUFFER FROM BACKACHE?

When your kidneys are weak and torpid they do not properly perform their functions; your back aches and you do not feel like doing much of anything. You are likely to be despondent and to borrow trouble, just as if you hadn't enough already. Don't be a victim any longer. The old reliable medicine, Hood's Sarsaparilla, gives strength and tone to the kidneys and builds up the whole system. Get it today.

## Spirit of the Press

**Cold Comfort for the Schoolboy.**  
It is impossible to know who was the author of the multiplication table, but it is known to have been in existence in the days of the builders of the ruined cities of Mesopotamia, whose records are now being patiently deciphered by archaeologists. Tablets are found which tell us of their system of education, banking, accounting, business correspondence, etc., and among others are multiplication tables. So the multiplication table is probably not less than six thousand years old. —The Christian Herald.

**Keep in Harness.**  
A prominent Canadian financier in his 65th year went to England to take a physical examination by a great physician. "You're as sound as a nut," said the doctor. "There's no reason why you shouldn't live to be 100—if only you don't stop working!" —Woman's Home Companion.

**Get-Rich-Quick Schemes.**  
The Postoffice department tells us that over \$100,000,000 a year is lost in the United States through "wild cat" schemes promulgated through the mails alone. And this is only one channel of fraud. —American Magazine.

**Preparedness to Keep the Peace.**  
One of the chief fears of the anti-preparedness party is that preparedness means war. Possibly 90 per cent of the letters received at The Star in opposition to preparedness express such a fear.

Every such expression appears to be based upon the supposition that the nations of Europe were prepared for war, and that such preparation brought on the war.

Only one European nation really was prepared for war. But that did not prevent the war coming to those nations that were not prepared. America's preparedness for war would mean its preparedness against war. A preparedness to keep the peace. —Kansas City Star.

**Not a Full House.**  
Colonel House was galled by the newspaper men of Paris for an hour, and they left him disheveled and without gaining any useful information. So far as giving news is concerned, the colonel is always an empty instead of a full House.

**Great Country, However.**  
This is a great country, even if it does have to get mad sometimes to show it. —Baltimore Sun.

**Misplaced.**  
Much of the sympathy is misplaced, a good deal of it going to those who are really entitled to a swift kick. —Atchison Globe.

**Doesn't Hurt to Try.**  
The tariff issue will never be settled satisfactorily to everybody, but there is no harm in trying. —Grand Rapids News.

**Beautiful Bodies.**  
Study the automobiles that pass and see the beautiful bodies that now enclose the motors. There is nothing unnecessary; every part is of some use and expresses that use in its appearance. The big forepart speaks throbbing power; the long streamline tells you of air-clearing speed. Then consider the bodies of men and women. They are not perfect now, though what is considered to be the perfect model of the human body was manifested by the Greeks thousands of years ago. During the automobile's development, how we waited with keen anticipation for the improvements in form and line that were sure to be found in the next year's model! But the men and women have been content, generation after generation, to bring forth the same imperfect models of humanity and look for nothing better. —Worcester Post.

## Rippling Rhymes

**The Storm.**  
I lie in bed and hear the storm cavorting on its path, and I secure and snug and warm, can laugh to scorn its wrath. The snow is drifting on the ground, the tall trees bend and shake, the wind is shrieking like a hound that has the stomach-ache. The pipes are freezing in the sink, and in the bathroom, too, and in the morn the plumbing sink will have to fix a few. 'Tis pleasant, sure, to lie in bed, and hear the tempest roar, to hear it walling overhead, and pounding at the door; to know the cellar's full of coal, the larder stocked with bread; so let the black northwester roll—you do not care a red. You labored when the signs were right, with saw or ax or plow, you brought your wages home at night, and gave them to the wife, she put the things safely away, with mothballs 'twixt the bills, and now when storm fiends are at play, your breast with rapture thrills. Oh, happy is the man who saves his coin on sunny days; then when the weather misbehaves, a whoop-la he can raise. —WALT MASON.

## Quaker Quips.

(Philadelphia Record.)

It's a good plan to be on the look-out for things that are worth looking into.

Where shocking language is concerned, it's a good plan to be a non-conductor.

## SNOW BALLING

## The Advocate's Melting Pot

Give me health and a day, and I will make ridiculous the pomp of emperors. —Emerson.

**Dut.**  
The funny man lies in his bed, with pain he's racked from foot to head. And though he's feeling sad and sore, he has to write a funny column. —Luke McLuke

He lies upon a sheet, in bed, the funny man himself hath said. Of course it's sad when he repeats the lying upon other sheets.

**The Dub.**  
Now did you ever chance to meet That self-sufficient jay, T e m i n w i t h i n t e r m s c o n c i e t e? Who never learned to play?

Aunt Caline says: "The funniest thing about a hen-pecked man is he never knows he's it."

**Did You Know**  
That the Boston child is but human, after all? Mr. Joseph Lee, a member of the Boston School Committee, turns the spotlight on the following evidence of this fact produced in a recent examination: The National Hymn seemed to one little Boston maid to be, "My country teases thee, Arthur of liberty;" and the Twenty-third Psalm was thus rendered by another.

## Theatres

## High School Auditorium.

The Denison University Glee Club which is to appear at the High Auditorium on next Tuesday evening needs no introduction to the people of Newark.

For some years it has given concerts here worthy of the name and this year it is, by reason of the unusual talent of its personnel, more eminently qualified to put forth a better entertainment than ever before.

Mr. Gerald Athey, the soloist, and leader of the Club, is well known here in Newark, having on different occasions sung in some of our local churches. He possesses a rich baritone voice, which coupled with the easy grace of a born musician, make his singing most pleasing to his hearers. Besides Mr. Athey there is another soloist, Mr. Bodenweber who possesses a fine lyric tenor voice.

The work of the Club quartette, composed of Messrs. Athey, Ullman, Theile and Collier, has been very favorably commented upon by all those who have heard it this year, especially the Zanesville people, before a thousand of whom the Club sang on last Thursday evening.

The Zanesville papers stated the entertainment was excellent in every respect.

Besides these features there is a string quartette, with Nellis, the star of last year as leader, and a very amusing sketch entitled: "Julius Caesar" with Mr. Bjelke playing the leading role.

The tickets for this entertainment may be secured at Hall's Drug Store until 6 p. m. on Tuesday evening, February 8, 1916.

If 1000 people attended the concert in Zanesville why not at least that many here at home.

At the Gem Sunday. Beatrice Barlow has recently

other small Boston person: "Surely the good Mrs. Murphy will follow me all the days of my life."

**How To Tell.**  
(By Dave Haskell.)  
If you feel a little rotten, And you're getting the grip; And when you feel mighty rotten, You have it—flat's my tip. —Zanesville Times Recorder.

Though my time be ragged, Tattered and jagged, Rindly rain-beaten, Rusty and moth-eaten, If I take well thereon It hath in it some pith. —John Skelton, 1460-1529.

**No Respecters of Age.**  
There is a man living at Solomon's Temple, Pa., who got married at the age of 83. Now, who can say there is nothing in a name. —Philadelphia North American.

**Advice.**  
Don't quit because you chance to lose. Of course, it jars a fellow; But just because you have the blues, Don't show a streak of yellow. —Luke McLuke.

For surely yellow mixed with blue, 'Tis plainly to be seen, Would make a most unflattering hue, And you would then be green. —Newark Advocate.

Brace up and let the fellows see That you can stand a whack. Because you're green with jealousy, Don't keep on looking black. —Springfield Union.

And grit your teeth and go ahead, Defying all your foes. Because the days are gray don't try To redress your nose. —Memphis Commercial-Appeal.

imperceptible changes in her appearance; a new wrinkle, a droop of the shoulders, a hardening about the mouth, a furtive look in the eyes that speak eloquently the weakness of the character and the artistry of its interpreter. But for all for falling from grace, there is something so exquisitely pathetic in this woman's blind groping for the beautiful that one forgets to feel about her, and feels with her in all the poignant incidents of her emotion-racked career.

**At the Auditorium.**  
Mr. and Mrs. Vernon Castle, society's favorite and the world's greatest dancers, will be seen in their latest and greatest success, "The Whirl of Life." "The Whirl of Life" is a comedy with a mixture of burlesque melodrama and all the elements to make a photo play amusing and interesting.

Among the many features designed to amuse and entertain are the meeting of the Castles, their instant infatuation for one another, their courtship, their elopement to the "Little Church Around the Corner" and then to Paris, their early struggles and hardships and then their success.

The Castles are seen riding, rowing, swimming, and dancing, of course, including the new figures and steps they designed particularly for this production. This picture will be shown at the auditorium Sunday.

## A Little Fun

**Her Complaint.**  
She—Do you think the brown and green frock becomes me?  
It—My dear, you look like a golden pheasant.  
She—Now you are making game of me.—Jester.

**His Escape.**  
First Private—How did Schmidt escape from the Scottish guard?  
Second Private—He passed his helmet asking for contributions and the guard disappeared.—Judge.

**A Mistake Somewhere.**  
A helpful friend recently requested us to write a funny piece about a game we used to play in boyhood's glad days, called "Hiding in the Barn." He alleged that part of the gang hid and the rest searched for them, and when they were found all hands jumped and yelled most gleefully. This, he tried to remind us, was very, very funny. Either our memory is failing or we have lost our sense of humor, for as we recollect it, our father did the hiding and we jumped and yelled. And it does not seem amusing to us, even yet.—Kansas City Star.

**1916.**  
The flight of time brings no distress, The year is young and strong and gay. And if it isn't a success, We'll soon have others on the way. —Washington Star.

**He Couldn't Get in a Word.**  
Blanche met Carolyn at a ball and they were talking of one of the young men.  
"If I don't care for him at all," remarked Blanche. "He's a regular bore."  
"Indeed," replied Carolyn. "Why, I thought he was perfectly lovely."  
"Well," said Blanche, "he yawned three times while I was talking to him."

"Perhaps he wasn't yawning," suggested Carolyn. "He may have been trying to say something, my dear." —St. Louis Post-Dispatch.

Paderewski, the pianist, never talks to newspaper men when he is on tour.

## Society

Mrs. Charles Huber was hostess to the members of the Opportunity club at her home in South Second street on Thursday. After the regular routine of business, the time was devoted to crocheting. The appointments of the luncheon were suggestive of the approaching Valentine day. Dainty refreshments were served the members and following guests: Mrs. Otto Heest and daughter Marguerite, Mrs. Clyde Goff. The next meeting will be held at the home of Mrs. J. W. Albright in Maple avenue.

The Harmonious Embroidery club will meet on Tuesday afternoon, February 8, at the home of Mrs. Otto Ramey in Ninth street, instead of with Mrs. C. B. Keller.

The members of the Fortnightly Sewing club were delightfully entertained Wednesday afternoon by Mrs. Scott Orr at her home in Maholm street. After a few hours devoted to needlework a delicious lunch was served to the members and two guests, Mrs. Fred Woodward and Mrs. C. F. Martin.

The next meeting will be held at the home of Mrs. Starr in East Church street.

Among the enjoyable events of the week was a surprise party given in honor of Miss Edith Mason at her home on Thursday evening. Music and games were the chief amusements of the evening. The prizes were awarded to Miss Dorothy Denney and Mr. Clarence Chenoweth.

At a late hour dainty refreshments were served the following: Misses Josephine Yost, Dorothy Denney, Beulah Adkins, Hilda Schmidt, Lorraine Chenoweth, Gladys Beal, Bernice Proctor, Hazel Wilson, Margaret Vandenberg, Mabel Mason, Ollie Mason, Messrs. Ralph Laughlin, Sam Glenn, Clarence Chenoweth, Lee Williams, Harry McFadden, Clyde McKnight, Paul Phillips, Dewey Hendren, Jess Stapleton, Irvin Porter and Dewey Jones.

The February meeting of the Woman's Foreign Missionary society of the First M. E. church was held at the home of Mrs. John Sachs, 129 Hudson avenue, Thursday afternoon with a large attendance. The following program was rendered:

Devotionals, Mrs. E. J. Jones.  
Hymn.  
Business.  
Chapter VII of Text-book, Mrs. E. Moore.

Miss Jennie Smith then gave a very inspiring talk, closing with a prayer for the missionaries.

The meeting adjourned to meet with Mrs. Celia Hirst, 24 Clinton street, March 2. Light refreshments were served.

The Unity Reading Circle members were entertained by Mrs. Chas. Gayke in the parlors of the First M. E. church on Thursday afternoon and the following interesting program was given from the calendar:

Quotations—Mrs. T. C. Coulter.  
The Cotton Industry—Mrs. J. C. Bockover.

Landseer and Bonheur—Mrs. H. H. Postle.

Reading—"The Old Man and Jim", Mrs. Dennis Bell.

Critic—Mrs. Frank E. Slabaugh.

## In Milady's Boudoir

By Gwen Sears

When you are about to journey forth for your afternoon call, or your visit to the matinee, does it ever occur to you to study the whole color effect of your complete toilet and compare it with the color of your eyes?

Few American women know the subtle cleverness of the little Parisienne. Never once does she purchase a piece of material, no up to her eyes. If her eyes are dark and lustrous, they usually are in the real French type, she will choose the softer shades to blend with them. Never brilliant reds or flaring greens.

Should her eyes be light and almost colorless, you will never know it when she is gowned and ready for her stroll on the boulevards. The bright coloring of her costume will give her eyes the desired warmth and luster. A colorless pair of eyes should never be forced to smile from steel blue shades or white, but the warm yellows and coral pink tints are adorable.

Blue eyes, that are soft like summer skies, will yield to certain shades of brown and almost all shades of blue. Light brown eyes look well with amber shades and

yellow. Of course the hair must be considered as well, but if you are true to the color of your eyes and match up your wearing apparel to them, your complexion and hair coloring will take care of themselves.

## Your Boys and Girls

When baby becomes a year old its diet should begin to include fruit juices and the whites of eggs. Begin with a wine glass of chicken broth or bouillon fed from a spoon. Soon after it turns it's first year the child should learn to drink from a small cup and its meals may be reduced to five a day with an occasional drink of orange juice and plenty of water.

The first and second meals should consist chiefly of modified milk to which half as much strained oatmeal had been added. Early in the afternoon a gill of chicken broth, or half as much beef juice, may be given, and this may be varied every few days with the white of an egg boiled for a minute. The two remaining meals should have milk as their mainstay.

**Obituary**  
\*\*\*\*\*

Peter Joseph Donovan.  
News of the sudden death of his brother, Peter Joseph Donovan, 43, formerly of Paducah, at Wichita Falls, Tex., was received at noon today by John T. Donovan, local freight agent of the Illinois Central railroad says Wednesday's Paducah, Ky., Times. No particulars were contained in the telegram, but it is thought that his death was due to heart trouble, from which he had been suffering.

While no arrangements for the funeral have been made the body will be brought to Paducah for burial.

The deceased was assistant master mechanic of the M. K. & T. railroad shops there and was a prominent citizen of Wichita Falls. He was a member of the Catholic church and the Knights of Columbus lodge. He was born in Paducah in 1867, but left here when he was a young man. He leaves his wife, but no children.

One brother, J. T. Donovan, of Paducah; and two sisters, Mrs. John Higgins, of Newark, O., and Mrs. Oliver P. Lawhead, of Chicago, survive him.

Mrs. Amelia Van Winkle.  
Mrs. Amelia Anne Van Winkle died Saturday morning at 7:30 o'clock at the home of her son Vitalis M. Van Winkle, two miles out on the Wilkin Run pike. She leaves four children, Mrs. David Mossholder, of this city; Alonzo Van Winkle, of New Guilford, O.; Thomas of Bladenburg, O., and Vitalis, at whose home she died.

She was born February 7, 1826. Funeral arrangements have not been made.

French official reports claimed success in repelling attacks of the Germans in France, notably at Notre Dame de Lorette. In the Argonne French troops were massed around Bagatelle, which was captured from the enemy on the 4th. In Alsace the repulse of a German attack was claimed.

MR. SYLVESTER E. SMITH, 2609 Mo., South Grand Avenue, St. Louis, Mo., writes: "Peruna is the best friend a sick man can have."

"A few months ago I came here in a wretched condition. Exposure and dampness had ruined my once robust health. I had catarrhal affections of the bronchial tubes, and for a time there was a doubt as to my recovery."

"My good honest old doctor advised me to take Peruna, which I did, and in a short time my health began to improve very rapidly, the bronchial trouble gradually disappeared, and in three months my health was fully restored."

"Accept a grateful man's thanks for his restoration to perfect health."

## DR. KNAUSS SAYS BIRTH REPORTS ARE DELINQUENT

Dr. W. H. Knauss, local health physician, reports that physicians and midwives are somewhat delinquent in the matter of reporting births for registration, and in the future failure to report the matter promptly will mean prosecution.

Dr. Morton W. Bland, State Registrar of Vital Statistics has announced that physicians who fail to report births to local registrars within 10 days will be prosecuted. The department will start a campaign to secure prompt reports, he said, in order to save expense of extra clerical hire necessitated in the department by belated returns and also to meet the government requirements for standard vital statistics.

## Music

By the matchless beauty of her art, through a personality that reflects sincerity and loveliness, Julia Culp, the renowned Dutch lieder singer, has won the profound regard of the discriminating musical public of America. Connoisseurs of artistic singing have declared that not since the days when Lilli Lehmann was in her prime, have they heard such beautiful and lofty interpretations of the classical art songs as Madame Culp presents at her recitals.

"Julia Culp," they aver, "is in a class by herself. Whether she sings the lieder of Beethoven, Mozart, Schubert, Schumann, Franz, Brahms, Wolf, or Richard Strauss, the exacting critic is perplexed when he attempts to analyze or compare which composer best suits the temperament of Madame Culp. Possessing extraordinary versatility, she sounds the gamut of emotions and she does it all without a trace of affectation or exaggeration, leaving her hearers uplifted and longing to hear her again.

There is something in the timber of Julia Culp's voice that suggests eternal spring, something that grips and moves, something that in one lied stirs the soul, and in another awakens mirth. The Culp programs are prized by the armies of young singers, teachers and students that flock to the Culp recitals. Intelligent amateurs are no less enthusiastic.

Though her first triumphs in this country were made by her superb renditions of German lieder, Madame Culp's repertoire includes many examples of old and modern French songs, old Italian airs, early and modern English songs. Madame Culp has arranged to make another tour of America during the season of 1915-1916 when she will be heard again with the leading orchestras as well as recitals in many cities.

Madame Culp will be heard at Memorial hall, Columbus, Tuesday evening, Feb. 8, under the auspices of the Columbus Women's Music club.

(ASSOCIATED PRESS TELEGRAM)  
New York, Feb. 5.—A manufacturer of motor boats, who has an exhibit at the motor boat show, announced today that a representative of the navy department had ordered the building of a high speed sixteen cylinder 30-horse-power boat for use in the coast patrol service. The boat will have a speed of over forty miles an hour and will be equipped with small calibre guns and a torpedo tube.

## You'll Feel Like a Boy Again!

If you will only clean up your whole system, relieve it of the stagnation of blood and the consequent toxins that poison its action, and aid your breathing and digestion by gently clearing the way for their perfect working.

Colds, coughs and grip are the symptoms—not the cause—of catarrh, either acute or chronic, local or systemic. Catarrh is inflammation of the mucous membrane, that substance through which you breathe the air and absorb your food. If it is inflamed—filled with stagnant blood—whatever it absorbs must be tainted; and Nature gives warning and then fights to throw off the stagnation.

When this warning is given, by a cold, a cough, indigestion, or fever, it means the catarrhal process is getting the best of the body. Go to the rescue with a good, reliable tonic for the membrane, a helping hand that will aid digestion, restore appetite, overcome stagnation, relieve inflammation and bring back health.

## Peruna Has Done This

Thousands of people who have suffered long have been healed. Hundreds of thousands have prevented more serious troubles and been restored. Forty years of success have made Peruna the family remedy in the homes of America.

It invigorates. It clears up the mucous membrane, so that it may restore the breathing and the digestion to normal. These two functions are the body builders. Build your body to health, and you will "feel like a boy again."

Experience is the safest guide. Does anybody ever question the story of the many thousands who praise Peruna? The Peruna Company, Columbus, Ohio  
Peruna may be had in tablet form for convenience.

## What Ohio Club Women Are Doing

From the Office of the President.

Mrs. J. L. Selby of Greenville, O., the newly elected recording secretary of the Ohio Federation of Women's Clubs, has for a number of years been an energetic worker in church, charity and club activities.

She has long been a member of the Columbus and Sorosis Literary club. Having been a teacher of Latin, History and Literature in the Greenville High school before her marriage, she finds pleasure in the culture clubs.

She served on the civic committee of the O. F. W. C. from 1911-1913, and from 1913-1915 was chairman of this committee. Having been appointed chairman of civics, she felt the "civics" like "charity," should begin at home, so with the aid of her loyal town-women, she organized the Greenville Civic League, now one of the largest civic clubs in the state. This organization, now two years old, is a most potent factor in the improvement of civic conditions in our city.

Mrs. Selby has for ten years been the secretary of the charity board of her county, and has given much time to juvenile court work, and to the study of life in the institutions.

For the last five years, Mrs. Selby has been secretary of the County Visitors' Section of the State Conference of Charities and Corrections, and she is known throughout the state for her interest and efforts in all lines of charity work. Twice she has been appointed by the governor, and sent by the county as delegate to the National Conference of Charities and Corrections.

Mrs. Selby has a charming personality, and this combined with tact and a logical mind, capable of looking at and grasping all sides of a subject, have made her a leader in all civic and philanthropic activities of her home town, which is now mainly through her efforts, being converted into a city beautiful, where sanitation and out-door art are considered of prime importance.

Among literary circles of the town she is much sought after for her high literary attainments, and those qualities of mind and heart that make her a desirable member. Her great efficiency and wide experience in club life make her a valuable member of the O. F. W. C. board.

Meeting at Youngstown.  
The 19th district meeting of the North-east District O. F. W. C. was held Friday, January 21st at Youngstown. Mrs. Jacob Brenner, vice president of the district and president of the club league of Youngstown, presided. Mrs. George Zimmerman, president of the State Federation, responded to the address of welcome given by Mrs. Harry Gugenheim. Federations of Cleveland, Niles, Warren, Canton and Youngstown responded to roll call and delegates from more than fifty clubs were present.

Ohio's Candidate for President of General Federation.  
One of the most prominent figures at the annual convention of the Ohio Federation, held at Toledo, was Mrs. Samuel B. Sneath of Tiffin, Ohio's honored representative in the General Federation. Mrs. Sneath holds a secure place in the hearts of all club women and is beloved not only in Ohio but all over the country as is shown by the royal welcome she receives wherever she goes. The women of Ohio believe that this popularity is an earnest of the greater recognition which she will receive from the General Federation.

Miss Anna B. Johnson in her address as president of the Ohio Federation said of her: "Mrs. Sneath by her executive ability and keen business sense, which is generally recognized, by her knowledge of public questions, her clear intelligence, her charming and gracious personality, and her wide experience in club life, has won a distinguished position among the representative women of Ohio and of the world. Therefore, I propose that this convention endorse the name of Mrs. Samuel B. Sneath as Ohio's candidate for president of the General Federation."

When the great audience of nearly two thousand women rose with spontaneous enthusiasm to second unanimously Miss Johnson's endorsement—it was a most beautiful and touching sight.

Northwest District, Attention.  
Mrs. John W. Roby of Lima has issued the following call:

"Dear Madam President:—The annual meeting of the Northwest District of the Ohio Federation of Women's Clubs will be held at

Lima, Thursday, Feb. 17 in the Market Street Presbyterian church. A reception will be given by the City Federation, in honor of the visiting club women, Wednesday evening, the 16th, in the auditorium of the Chamber of Commerce. All visitors are urged to come in time for this reception, a special feature of which will be an interesting art exhibit. Arriving the day before will insure a large attendance at the opening of the morning session at 9 o'clock.

On Thursday a luncheon will be served by the women of Trinity church.

The meeting, while having special features, aims primarily to be a real conference where time may be given for discussion of plans of work and reports of clubs. It is not a delegated body. There is no limitation upon the representatives from any one club. Unfederated clubs as well as federated are invited.

Your state president, your district vice president and the club women of Lima earnestly hope for a large attendance.

Please, dear Madam President, see that your club is represented by a large delegation, and extend the invitation to unfederated clubs in your vicinity. Send to Mrs. Henry Deisel, Jr., 1350 Lakewood avenue, the probable number who will attend from your club.

Two hundred and fifty visiting club women attended the Youngstown meeting. Let the N. W. district do as well.

Most cordially yours,  
Evelyn C. Roby,  
Vice President N. W. District.  
Child Labor.

The General Federation and State Federation of Women's clubs are much interested in the Keating-Owen bill.

The only opposition against this bill during a three day hearing given the committee was from a small group of cotton manufacturers from North and South Carolina and the attorney for a Manufacturer's Association who admitted that his organization had not acted on the bill, but the board of directors had agreed with him that the bill was undesirable.

Scholarship Fund.  
Is your club contributing to this noble work of helping girls procure an education?

A small amount from every club in the Federation would enable the committee to carry on its work unhindered.

Civic Work.  
Elyria's "Political Study Club" is a wonderful power in its community. Article II of its constitution tells the whole story. "The subject of this club shall be to promote civic and social welfare and to educate its members for citizenship."

The general opinion of Elyria is that it does just that.

Brief.  
Mrs. Wm. Leet of Conneaut, treasurer of the Ohio Federation of Women's clubs made a remarkable speech at Youngstown. It is said it consisted of about six concise sentences, but she "had her audience with her even in a financial way."

Isn't it a pity we are not able to hear her voice?

Youngstown Club Women are invited to make the studio of Mr. Bovard McBride of New York their headquarters during the biennial. Mr. McBride is the son of Mrs. Fannie McBride, a prominent club woman.

Unusual interest is being shown in district meetings. Elyria asks that the North-east district hold its next meeting in that city.

| New York, Feb. 5.—Foreign affairs were again a paramount factor in this week's stock market. The recovery from the substantial depression of the January depression, gains of three to 10 points which active traders were noting of the midweek were largely swept aside, with a few notable exceptions, when rumors indicating a renewal of the German offensive in the West, and a severe decline and Crucible Steel fell two points, followed by a substantial gain. New York market was heavily depressed and American Smelting yielded easily to moderate offerings. United States Steel scored a slight gain at the close, but the market was generally flat. The situation of the recent strong features rose a point to the new price of 95. Ranks were a negligible quantity. |         |
| Today's short session mainly represented a mild contest between the bull and bear accounts with no very conclusive result at the end. There was marked heaviness during the active hour, but the market was generally steady. The situation of the recent strong features rose a point to the new price of 95. Ranks were a negligible quantity.                                                                                                                                                                                                                                                                                                                                                                                                                                        |         |

| Buyers of a few days ago were among yesterday's heaviest sellers, suggesting a tentative speculative position at the close. The market was generally steady. The situation of the recent strong features rose a point to the new price of 95. Ranks were a negligible quantity.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |         |

around to well above yesterday's close. Advice that Argentine wheat was being offered in Europe at a lower price than North American led to a subsequent downturn. The close was weak at 1 1/2c net lower with May 1.32 1/2 and July 1.24 1/2.

Liberal receipts weakened corn. The strength of wheat, however, acted later as an offset to some extent. After opening at 3 1/2c, lower prices sagged a trifle more and then made a slight rally. Predictions later of big arrivals of corn Monday brought about increased heaviness. The close was weak at 1 1/2c to 1 3/4c net decline.

Oats were governed chiefly by the change in the corn market. For the most part, trade was of a local character.

Provisions developed firmness, owing to an advance in hog quotations. The volume of business though, was small.

## RETIREMENT

### OF ITALIAN PREMIER CONSIDERED POSSIBLE BY BERLIN NEWSPAPERS

Which Quote Salandra Urging the Necessity of Standing With "This or Another Government."

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Feb. 5.—By wireless to Sayville.—The following was given out for publication today by the Overseas News Agency:  
"Berlin newspapers give accounts of a speech made in Turin by Premier Salandra of Italy, in which he said:

"Be strong and united, in order to support the government and in order to replace the government with another if necessary. We are fighting in the trenches, and fighting in the trenches exhausts forces. The moment may come when it will be necessary to retire behind the present front. I state this expressly in order to leave no room for erroneous interpretations. Then we shall retire in order to begin anew."

"This moment may come and the liberal monarchist party—the great party which made Italy and which must accomplish the work of making Italy—must then have men in reserve in order to sacrifice them for the country if necessary."

"The newspapers ask whether the premier's utterances may be an indication of the coming resignation of the present cabinet. They point out that Premier Goremykin, of Russia already has retired, and that Theophile Delcasse gave way as foreign minister of France, Grand Duke Nicholas as Russian commander-in-chief and Winston Spencer Churchill as first lord of the British admiralty."

"The retirement of Premier Salandra, the newspapers say, may possibly come in consequence of economic difficulties existing in Italy and of antagonism between Italy and Great Britain on account of the question how to provide Italy with cheap coal."

## PHILIPPINE BILL PASSED SENATE; GOES TO HOUSE

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 5.—The Philippine bill went to the house from the senate today, where it was passed by a vote of 52 to 24 last night.

As finally approved by the senate, the measure would grant independence to the Philippine islands within four years and provide greater degree of self-government.

In the house prompt action on the bill, which is said to meet with President Wilson's approval, will be urged.

The bill was passed by the solid vote of the Democrats with the aid of six Republican Progressives. Ineffectual attempts were made however, by Democrats, led by Senator Stone, to amend the independence clause of the bill.

## Readers' Viewpoint

### European Peace.

Editor of the Advocate:—

After the war what? Most likely a defensive alliance for all the European states will be the outcome of this last great war among them. A certain section of these warring nations who trusted in the power of might to conquer and rule all the world, as well as the remaining ones who believed only less in the power of arms and armaments, will thus be led to see that the brotherhood of man is the basic principle of all permanent peace.

Awful as the present experience of Europe is, it has probably hastened by hundreds of years the universal acknowledgement and adoption of the principle that right, not might, is the best law for the welfare of nations. Then why prolong (one and a half year's carnage has been decisive of nothing) an unnecessary and useless conflict, that can only result in the exhaustion of these selfsame powers and the century-long misery of the great masses of all these peoples? If a new Hague conference were to sit continually until the peoples of these countries compelled their rulers to submit their differences to its decisions, peace might come sooner than anyone could imagine. What greater role could America have than to be the first to take this decisive step and work for it incessantly until its fulfillment came?

Yours very truly,

Prince Alexander Ferdinand and his mother.

Prince Alexander Ferdinand, the sturdy youngster seen in this photograph with his arms twined about his mother, the Princess Victoria, is the only son of Prince August Wilhelm, the German kaiser's fourth son. The young prince was born in 1913. His mother, before her marriage to Prince August in 1908, was the Princess Victoria of Schleswig-Holstein, a cousin

## DEMAND

MADE BY HOLLAND FOR EXPLANATION FOR GERMANY OF TORPEDOING.

Of Dutch Ship in North Sea, and Punishment of Submarine Commander.

(ASSOCIATED PRESS TELEGRAM)

The Hague, Netherlands, Feb. 5.—Via London.—Dutch newspapers, both pro-German and anti-German, are unanimous in demanding from Germany prompt explanation of and reparation of the torpedoing of the Dutch tank steamer Artemis by a German torpedo boat in the North Sea. The newspapers call for punishment of the German commander who was responsible for what is described as a violation of law and an unjustifiable act of war against the Netherlands.

The Vaderlands recalls previous German "errors," and dwells on the danger of further incidents of this nature. Incidentally, it asks what the British fleet was doing while a conspicuously colored German torpedo boat flotilla was calmly cruising the busiest steamer route between the Hook of Holland and the Noord Hinderlightship. The Nieuwe Courant treats the case as a breakdown of the "vaunted German organization and discipline," which says seems urgently to need improvement, especially from the viewpoint of the safety of lives and property of neutrals. It demands completely pecuniary and political satisfaction from Germany.

## CAPT. OWEN WIARD IS TO CLOSE WITH SUNDAY'S MEETINGS

Seldom is the privilege given a city to have had a week's service from a man who breathes such deep patriotism and such a magnificent civic spirit as is characteristic of Captain Wiard. His mission to Newark seems to have been misunderstood by those who ought to rank amongst our foremost citizens—a misunderstanding that can be perfectly cleared up if the individual will hear Captain Wiard but once. Captain Wiard has but one mission, namely, that of helping the community to breathe a healthy civic spirit and make it safe, for sons and daughters to travel any street at any hour in safety. He advances theories that have been proven effective. He is no disturber of peace and quietness, but he makes for a clean civic life that is permanent. Every patriotic citizen who loves righteousness and rejoices in his city's welfare should hear Captain Wiard before he leaves our city. A great mass meeting for both men and women will be held in the First Presbyterian church Sunday afternoon at 2:30 o'clock. Present Conditions will be Captain Wiard's subject. In the evening at 7:15 o'clock he will give his closing address, "The Game of the Gambler," in the Second Presbyterian church. Do not fail to hear him.

## GRAND JURY

### WILL BE GIVEN EVIDENCE CONCERNING YOUNG TEIPER'S FINANCIAL AFFAIRS

And Dealings With Mother Whom He Is Suspected of Killing—Sister Not So Well.

(ASSOCIATED PRESS TELEGRAM)  
Buffalo, N. Y., Feb. 5.—Barring further research into the financial affairs of John Edward Teiper, held in connection with the Orchard Park tragedy in which his mother and brother were killed, District Attorney Dudley has completed the compilation of evidence which he will present to the grand jury next week. The financial status of Teiper's brick company, his personal bank accounts, and money dealings between his mother and himself have been investigated.

The condition of Grace J. Teiper, upon whose recovery the officials had placed the question of learning the true story of the Sunday night tragedy, was reported as less favorable today.

## Lodges

**I. O. O. F.**  
Newark Lodge met in regular session Monday evening with a good attendance. Routine business was transacted. Several brothers went to the city for the installation of officers. The first and second degree staffs will be ready to put on their degrees at the call of their captains as two candidates are ready to take the work. Visiting brothers always welcome.

**Olive Branch Lodge**  
Last Tuesday evening, February 1, Olive Branch lodge met in regular session with a good attendance. One candidate was found in waiting and admitted and instructed in the mysteries of the first degree. We have quite a number on the sick list and the members are requested to meet at the hall Sunday afternoon and assist the noble grand in visiting these sick brothers. On next Tuesday evening, February 8, the second degree will be conferred and the brothers are urged to be present. Visiting brothers invited to meet with us.

**MODERN WOODMEN**  
Cedar Camp No. 4727 M. W. of A. met in regular session on Wednesday night with a good attendance. The members and considerable business was transacted. The committee on new ritual made their report, that they had figured out just what suits the camp best and the officers and team would practice every Wednesday night so that they would be ready to put on the work under the new ritual. The invitation extended to Ohio Camp of Columbus to visit Cedar Camp this month to put on the work has been accepted and they will be with us on Wednesday night, February 16, and it is the desire of the officers that a good turn out be present on this night to welcome our Columbus visitors. Cedar Camp certainly has had her share of the deaths since the beginning of the year 1916. Neighbors John P. Davis died on February 2, making four deaths since the first of the year and the members carrying \$7,000 of insurance. During the year 1915 we had eight deaths, paying to beneficiaries \$11,500 in the city. On the meeting of February 15 there will be several candidates to receive the work and a good turn out of the members is desired, to see the team and officers of Ohio Camp put on the work. Don't forget the date, neighbors and make your arrangements to be present.

**HAYMAKERS**  
The last regular meeting of the Haymakers was a record breaker in point of attendance. One of the largest turnouts since the loft was instituted being present. Deputy J. E. Jones installed the officers for the coming term after which considerable business was attended to. The class of candidates is now filled and on February 24 ten tramps will be taught how to make hay by the local hayrackers practicing the work regularly every week in order that the ceremonies may go through without a hitch. Next meeting of the team will be on Thursday 10. A new haymaking contrivance has been received from Illinois and will be tried for the first time next Thursday. The committee on parade and refreshments are hard at work and the indications point to a record-breaking attendance on February 24.

Newark Lodge  
At the regular meeting of Newark Lodge No. 13 held on Thursday evening there was a good sized crowd greeted the chancellor commander when the gavel fell and the lodge opened. Exercises the chancellor commander sprung a new stunt on the members by declaring the lodge at ease for about half an hour for the purpose of a general get acquainted, handshaking and good fellowship meeting which everybody enjoyed very much, after which the regular routine business was disposed of with a vim. One new application was received and referred to the proper committee. One application was voted upon and elected to membership. The sick members are getting along very satisfactorily and several have been declared out of the lodge. The knight rank was conferred on a class of six esquires and the work was enjoyed by all who were there, including the candidates, after which the regular routine business was disposed of with a vim. ## Y M C A NOTES

All members and friends of the Association will look forward to the State convention which will be held here February 23 and 24. This will be a delegate convention at which there will be choice delegates from all the Associations of the state. The program will begin on the afternoon of Feb. 23 and will close with the evening session on the 24th. The general theme of the convention is "The Boy Men of Great Promise." The Boy Men of great promise in Ohio will be present to present reports of commissions which have been at work for some time collecting materials for this convention. The citizens of Newark will have the privilege of meeting the leading Association boy workers of the country.

The attention of the members is again called to the magazines kept on the reading table. Such ones as Colliers, Outlook, Everybody's, Popular Science Monthly, System and others are those that the average young man should read. Charles Allen and Richard Stevens of the employed force spent Wednesday in Columbus visiting the Association there and getting pointers that might be put into practice here. They incidentally attended the auto show.

The basket ball material is beginning to show up in the Senior class and plans are being made for some good games. They practiced on Monday and Thursday nights this week. They played Thornville last night. The following men are out for practice: Rhodes, Smucker, Keyes, Davis, Frenier, Goodwin, Allen, Rawlings, Whitehill, Young, and Orr.

The month of January brought good returns in memberships. Many new members joined within this month. The receipts ran higher than in any January since 1908 with one exception. Several letters have come to the Association from the boys who have gone to Akron recently, saying they have secured good jobs in the rubber works. They say the letter introduction from the Association helped them greatly. The following fellows have remembered to write: Elmer Long, Goddard Chase, and Herbert Smith.

The basket ball game between a

Junior team and a similar team from Granville played in the gymnasium on last Saturday, resulting in a score of 20 to 19 in favor of the local boys.

A number of the old members of the Association who are home from college between semesters have been in this week to greet the Association and boys. Some of them have tried the gym again.

Next week is to be observed as right-of-way week for Association men. The Y. M. C. A. business magazine, "The Magazine comes every month of the year and will be sold at 50 cents per year if subscribed for next week. Every member of the Association should subscribe next week.

## Y W C A NOTES

Pioneers' Vesper service Sunday, Feb. 6th, 3 p. m. at Plymouth Congregational church. The service is for all women and girls, that we may all pay tribute to those who by their vision and faith and sacrificial service have made possible our Y. W. C. A. A very delightful program has been arranged. Miss Lindsey, Miss Wise and Miss McDonough, in costume, will present early city and country work and the work in foreign lands. Miss Ruth Ditter is in charge of the music. Miss Van Horn, a truly pioneer in the Newark Association work, is chairman of Pioneer Committee.

"Pioneers' Tea Party." Monday evening at Y. W. C. A. is for pioneers only—those who laid the foundation for our organization—making possible the structure that now stands secure, a monument to their untiring efforts and a "House of Friendship" to all young women. If by chance you are a pioneer, and have not received an invitation by phone, or otherwise, please come anyway. You will be heartily welcomed. As there are no written records of the early work, we have to depend upon our memories and you know they are not infallible. This invitation is for the girls who lived in the Business Girls' Home, as well as the women who worked for it. Pass the word along, girls.

The election is over and while with one breath we regret that it has made some changes, still with the next we want to welcome our new Board members. Those who have served have done so faithfully and we are more than grateful for their service. The two new members have been serving as chairmen of two of our most important and hard working committees, Religious Work and Industrial and they are needed on the Board that they may more closely correlate their work with the whole.

We very much appreciate the fact that 90 (an increase of over 40 more than last year) of our members came to cast their vote. Nearly 17% of our entire membership taking part in one of the greatest of all Association responsibilities is very encouraging when you know that last year just about 50 came out to do their part. May this proportion grow every year until finally the whole membership will feel that the Board is a special friend of theirs and the Association their very own. Girls, do you want a millinery class. If you do, say so quickly for Miss Irma Alsop of the "Bonnet Shop" has offered to teach it. Don't wait until you want to wear your spring hat to decide to make it.

The Industrial Committee will meet Tuesday, Feb. 8, 2:30 p. m. at Y. W. C. A. Mr. Hopkins will speak. Please be prompt.

## LOCAL UNIONS OF ENDEAVORERS TO MEET FEBRUARY 8

A union meeting of all Christian Endeavor societies of Licking county will be held in the First Presbyterian church Tuesday evening, Feb. 8th at 7:30 o'clock. The program for the evening will be as follows:

Doxology.  
Service of song.  
Devotional service, Rev. Calvin G. Hazlett.  
Special music, First Presbyterian quartette.  
Roll call of societies.  
Address, Purpose of Our Union—Mr. Robert Russell, president county union.  
Special music, Quartette.  
Address, Reverse Order: Demand and Supply—Rev. D. L. Street, Supt. of Quiet Hour and Evangelism for Ohio.  
Award of Banners.  
Offering.  
Closing Song.  
Benediction.  
Social Hour.  
All C. E. Societies are urged to be represented. Come with enthusiasm, and make this the greatest rally we ever had.

PUBLICITY COMMITTEE.

## JENNIE SMITH TO SPEAK SUNDAY IN NEWARK CHURCHES

Miss Jennie Smith, the railroad evangelist who is spending the week in Newark, has been heard in a number of addresses to the shop men, and she will speak in the Newark churches on Sunday.

Miss Smith who has devoted most of her time to the uplift of the men, has also done much work among the women, especially the girls employed behind the counters and she tells of giving them over 500 little toilet-bottle bouquets in the rounds of her work. Miss Smith is a woman of remarkable character and her life has been a most unusual one. On Sunday evening she will speak at the First M. E. church and at the morning and afternoon services she will speak at the Woodside Presbyterian church.

When the girl turns down the gas, it's a pretty sure sign that the young man who is calling on her isn't going to be.

## ASSOCIATED CHARITIES

CAMPAIGN BULLETIN NO. 4

One of the functions of the Associated Charity organizations, is to develop personal friendly service through trained workers and voluntary visitors and other helpers. This phase of community service has been one of the achievements of the past year in Newark. The response on the part of men and women has been most gratifying and promises larger service for the future.

During this first year of our history, we have developed three lines of service by volunteers; 49 persons have assisted in office work; 83 in friendly visiting, and 127 have contributed of food, clothing or other supplies for distribution through the office. This makes a total of 259 volunteers that have given service and assisted by these special donations during the year. One special form of service has been the use of conveyances for calls, thus enabling the superintendent to cover much more ground and accomplish larger results than would otherwise have been possible.

In addition to this service, one of the circles of the King's Daughters has received, classified, and prepared for use the clothing which has been donated. 1,000 articles of clothing of all sorts has been received, and so far as they would meet the need of applicants, have been distributed as they were called for. This form of relief has proved in many instances to be much more valuable than a grocery order, or a ton of coal. Many men with this form of aid have been enabled to continue their work out in the cold and provide food and fuel for their family, where without it they would have lost their job. Many cases of sickness also have been relieved through the protection of underwear and warm foot wear, and other clothing. Our most urgent need at the present time, is for clothing of this sort.

This office stands as a center of friendly help and advice, where the poor, who are without influential friends, may come with any trouble or grievance and be sure of sympathetic attention and consideration. 837 persons have come to this office in the past year and have received some sort of relief for their needs. It may have been in the form of material aid or it may have been advice showing them the way out of their trouble. And one of the principals of such service is to discover the real needs of the applicant and to help him to develop and utilize his own resources. Every applicant is "worthy" of some sort of help, and none are turned away without an effort being made to solve their problem.

## BAD COLD? TAKE "CASCARETS" FOR BOWELS TONIGHT

THEY'RE FINE! LIVE YOUR LIVER AND BOWELS AND CLEAR YOUR HEAD

NO HEADACHE, SOUR STOMACH, BAD COLD OR CONSTIPATION BY MORNING

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets to-night and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.

## Granville

(Special to Advocate.)

Granville, Feb. 5.—President and Mrs. C. W. Chamberlain opened their home on College Hill last evening, February 4, for the entertainment of thirty young people of the intermediate department of the Baptist Sunday school, who have just completed the "Jack and Janet" course under the direction of Mrs. Jacob Speicher, returned missionary from China. This course comprised the study of missions in different countries and the young students met at the homes of ten of the returned missionaries resident in Granville, where they were privileged to inspect the collection of pictures, native fabrics, curios, etc., and where notes were taken in careful manner of all that seemed most important. Listening Mrs. Speicher gave an interesting talk at the President's house on the several foreign countries studied, which was delightfully illustrated by fine lantern slide pictures, much enjoyed by the boys and girls, and no less appreciated by the dozen older people present. Prizes for the best note books were awarded, John Chamberlain taking the boys' prize and Muriel Martin the one for the girls. Appetizing refreshments were served and a most enjoyable social hour closed the entertainment.

Dr. C. J. Rose is in Weston, W. Va., where he is assisting in Evangelistic sermons now being held in the Baptist church of that place. Mrs. Munroe Carpenter celebrated her birthday anniversary Thursday at her home in East College street. Many gifts, cards, and visitors reminded Mrs. Carpenter of the importance of this anniversary, not only to herself but to her many friends.

The Women's Missionary Organization of the Baptist church enjoyed an interesting and instructive program in the social rooms of the church Friday afternoon, February 4, under the leadership of Mrs. J. E. Cochran, whose topic was: "The Red Man as Teacher and Learner." Mrs. C. W. Chamberlain gave Current Events, and Mrs. Daniel Rogers read a paper on "Our Indian school" using in illustration five girls and five boys in native costume. Mrs. Anna Campbell read a fine paper on "The Esquimaux", postponed from last month. Special music was given by two young ladies who sang a hymn in Indian dialect in a charming manner. Refreshments were served during the social hour by Mrs. A. M. Brumback's circle.

The two bands of the intermediate department of the Baptist Sunday school, known as "The Reds" and "The Blues" met in the social rooms of the church last evening for an entertainment and social. "The Reds" under the leadership of Miss Eva Price furnished the program and refreshments, having been defeated in a recent contest by "The Blues" under the leadership of Miss Anna Gumbish.

Miss Edith Stanton of New York City, who has been visiting at the home of her brother and sister, Rev. and Mrs. C. E. Stanton, of East Broadway, went to Portsmouth on Wednesday where she was guest of honor and speaker at the Y. W. C. A. jubilee rally on Thursday afternoon and evening. She has returned to Granville for the week-end, whence she will go to Montana in the interests of the Y. W. C. A.

Miss Hattie Everett of Dayton was a Granville visitor this week, stopping off for a call on his parents, Mr. and Mrs. E. J. Dorsey, enroute from New York.

Mr. and Mrs. W. H. Dalbey were Columbus visitors on Thursday. Prof. Charles Davis, superintendent of schools in Morrow county, formerly a member of Doane Academy faculty, has been spending a few days with Granville friends.

Mr. Paul Morrow arrived in Granville Wednesday where he will spend a few days at home. Those interested in the work of the public school will be pleased to note that there will be a Freshman-Sophomore contest on Friday afternoon, February 11, and that the participants are working industriously for their respective classes, for the sophomores: Eva Timens, Kathryn Butcher, Minnie Hite, Ruth Williams, Brent Griffin, Edgar Pendleton; freshman class: Ethel Miller, Vita Harris, Ruth Giesen, Herbert Bawden, Nelson Sayre, Kenneth Gano.

Officers for the ensuing year in the I. O. O. F. who were recently installed with appropriate ceremonies, conducted by Watt Seward of Newark, District Deputy Master, are as follows: N. G. Guy Rader;

V. G. A. M. McMillen; R. S. John DeBow; F. S. Henry Welsh; treasurer, Dwight Sanford; R. S. to M. G. W. H. Sanford; R. S. to V. G. Howard Keller; L. S. to V. G. Thos. Davis; R. S. S. Samuel W. Belt; L. S. S. S. R. Thorpe; chaplain, M. L. Hartsock; Warden, J. L. Griffin; conductor, W. H. Smoke.

Services at the First Baptist church tomorrow will be conducted by the pastor, Rev. Millard Breilford. Topic of the morning sermon: "Salvation through the Transfiguration of the Mind"; evening, Gospel service with the ordinance of baptism. At the Methodist church, the pastor, Rev. Otto Giesen will preach both sermons. Morning topic: "Meeting God Face to Face"; evening topic: "First Sermon on the Shepherd Psalm."

Denisonians contemplating a visit to Chicago next week may be interested in the following announcement which has been received. Signed by S. B. Briery, president and J. Arthur Schukins, secretary of the Denison Alumni association: "You, the adult members of our family, and your friends, are expected to the annual reception and banquet of the Chicago-Denison-Granville Association at the Hotel La Salle, East Room, Mezzanine floor, (same place as last year) Friday evening, February 11, 1916, at 8:30."

"As a member of this association and loyal to Denison, we are confident you will consider it both a pleasure and an obligation to attend this function. The evening will be one of music and singing, thus giving longer periods for social times. Your attendance at this meeting is especially urged as we shall have a report from the 'Penny a Day for Denison club,' and it will be decided what shall be done with the funds thus secured."

In the matter of dress, make it formal or informal as you see fit. If you want to wear a party dress, you will consider it both a pleasure and an obligation to attend this function. The evening will be one of music and singing, thus giving longer periods for social times. Your attendance at this meeting is especially urged as we shall have a report from the 'Penny a Day for Denison club,' and it will be decided what shall be done with the funds thus secured."

For Children's Cough You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation. Don't put off treatment. Coughs and Colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle today. All Druggists.

## NEWARK MAN WINS BIG SUIT AT CLEVELAND

Wallis Verdict for \$55,000 Largest Ever Rendered in Personal Injury Case in Cleveland.

(Special to Advocate.) Cleveland, Feb. 5.—Walter L. Flory, former Newark man and member of the law firm Thompson, Hine and Flory, is receiving the congratulations over the result of a law suit in which he has been constantly engaged since January 7th. Mr. Flory did the trial work in this case which resulted in the largest amount of damages ever assessed in the courts of Cuyahoga county in a personal injury case. A verdict for \$55,000 was awarded William R. Wallis by a jury in Judge Steven's court of common pleas in Wallis' suit against Edward W. Moore, traction magnate. It was the third trial of the case, the first jury giving Wallis \$35,000 damages, while the second jury disagreed. Moore immediately filed a motion for a new trial.

Wallis, an advertising expert, claimed he was permanently injured when his automobile collided with Moore's machine in Gordon park in June, 1912. He asked \$100,000 damages, on the grounds that the accident was caused by negligence on Moore's part.

Hearing of the third trial started January 7, and continued over three weeks. The jury was out five hours and returned a unanimous verdict.

Mr. Flory as Wallis' attorney claimed his mind was impaired and that he was internally injured as a result of the accident. He has been at the Gayland Hall sanitarium at Atlantic City for the last year. Moore is president of the Lake Shore Electric railway and vice president of the Northern Ohio Traction Company. Mr. Flory is the son of attorney J. A. Flory of Newark.

AT CONSTANTINOPLE IS A BUSY PLACE, SAYS U. S. AMBASSADOR MORGENTHAU

No less Than Ten Nations Represented There by American Diplomats—Interviewed in Berlin.

(ASSOCIATED PRESS TELEGRAM) Berlin, Feb. 5.—(Wireless to Sayville.)—The American Ambassador at Constantinople, Henry Morgenthau, said in an interview today given out by the Overseas News Agency, that the situation in Constantinople at present was almost normal and there was no scarcity of food. The American embassy, he said, is extremely busy, inasmuch as it represents the interests of no less than ten nations.

Mr. Morgenthau found Berlin much changed since his last visit here about eight years ago, but considered the change to the advantage of the city. The ambassador came from Constantinople with the German minister to Persia Prince Henri Reuss and vice Admiral Vonuedom who has been supervising construction of coast defenses on Gallipoli peninsula. He said the new express service between Berlin and Constantinople was excellent and that the train on which he made the trip compared favorably with the best in America.

Mr. Morgenthau will go from Berlin to Copenhagen, to take ship there for New York on a Danish steamer. He will make a report to President Wilson about Balkan affairs.
